

Crystal Blue®

Blue Lake & Pond Colorant

Contains: Blue #9.....27.9%
Inert & Proprietary Ingredients....72.1%

CAUTION:
KEEP OUT OF REACH OF CHILDREN

Treats One Acre of Water 4-6 Ft. Deep
Net Contents: 1 Gallon (3.78 Liters)

Directions For Use

Apply one container of Crystal Blue per acre of water with an average depth of 4-6 feet deep. One gallon of Crystal Blue will treat approximately 1.5 million gallons of water, depending on water quality. Pour from container along shoreline or from a slow moving boat. Crystal Blue can also be applied at a water inlet or by spot treatment at regular intervals across the surface of the water. Use caution in windy conditions. Crystal Blue will slowly disperse and mix uniformly throughout the entire body of water over approximately a 24 hour period as a natural reaction to wind and water currents. Use additional Crystal Blue if deeper color is desired. For best results, apply early in the spring and throughout the season to maintain a consistent color. Note: color may be altered by outflow, evaporation, or rainfall; additional treatments may be required.

Safe and harmless to all animals and vegetation. Will not stain or harm water fowl, fish, or livestock once diluted. Does not interfere with agricultural chemicals.

Early Spring | Late Spring | Summer | Early/Late Fall

Annual Pond Care Program:

Step 1: Crystal Blue Pond Dye

Step 2: Natural Pond Cleaner Beneficial Bacteria

Step 3: Crystal Plex Algae Control

Step 4: Tsunami DQ Submerged Weed Control

Step 5: Catt Plex Emerged Weed Control

Precautions And First Aid

Avoid contact with eyes, skin, or clothing. Do not ingest. If ingested, drink water, induce vomiting, and call physician immediately.

Wear rubber gloves and protective glasses to avoid stains from splashing.

Not designed for use in swimming pools. Product is not compatible with chlorine treated water or similar "bleached" or purifying chemicals .

Do not use this product in streams, rivers, or other bodies of water not under control of the user.

Spill Clean Up

Treat spills by soaking up as much of the product as possible using oil absorbent materials or rags. Follow with bleach to prevent stains where possible.

Storage and Disposal

Do not reuse or rinse empty container. Dispose of container in a safe manner in accordance with federal, state and local regulations. Store above 32°F. Do not use this product in a manner inconsistent with labeling.

Protect From Freezing
