Lazer™

GREEN Spray Pattern Indicator

100% Non-Toxic • Concentrated • Eliminate Overspray

Net Contents: 1 QUART (946.3ml)

**CAUTION:
KEEP OUT OF REACH OF CHILDREN**

Lazer Green Spray Pattern indicator is formulated to be non-toxic and environmentally friendly while indicating where application spray has been made for the most accurate coverage of pesticides, herbicides, and fertilizers. Lazer will keep you in a visible line with dependable results. It eliminates overlap and keeps the operator going in a proper line during application. The formula will dissolve in time with sun and moisture, and will not permanently stain surfaces. It can be used in high volume, boom, or spot sprayers. Know where you are going and where you have been with Lazer.

Directions for Use- Trailing with the volume of spray solution and rate of Lazer applied per acre or area should allow each applicator to establish a rate that is functional and economical for each application. The more Lazer you use, the darker your spray pattern. See the following usage rates below: PER 100 GALLONS (380L) OF FINISHED SOLUTION: (100 gallons can treat approximately 2 acres).

PRECAUTIONS AND FIRST AID: Avoid contact with eyes, skin, or clothing. Do not ingest. If ingested, drink water, Do NOT induce vomiting, and call physician immediately. Wear rubber gloves and protective glasses to avoid stains from splashing.

SPILL CLEAN UP: Treat spills by soaking up as much of the product as possible using oil absorbent materials or rags. Follow with bleach to prevent stains where possible.

Storage and Disposal: Do not reuse or rinse empty container. Dispose of container in a safe manner in accordance with federal, state and local regulations. Store above 32°F. Do not use this product in a manner inconsistent with labeling. **Protect From Freezing**
