

Cold pressed orange oil is a great alternative to harsh cleaners. This product is derived from the citrus peel of oranges and is a common ingredient in perfume blends and household cleaners. D-limonene is designed to be used as an industrial cleaner and/or hard surface cleaner for difficult to remove grime. It can also be used to make formulated products for applications such as laundry, adhesive removal, or waterless hand cleaner.

Shake Well Before Using

Directions:

- For Super Heavy Duty Grease and Dirt Clean up use up to Full Strength
- For Heavy Duty Cleaning Dilute 4-8 oz. with 1 gallon water. **Shake Well Before Using**
