

FOOD GRADE

Glycerin VEGETABLE

Colorless • Odorless • Tasteless
Great for use in making soaps, cosmetics and lotion

Glycerin Vegetable Kosher is an ingredient used to make many homemade items such as soaps, cosmetics and lotion. This product is food grade, Non GMO, colorless, odorless and tasteless. Vegetable Glycerin is a syrupy lubricant that is smooth to the touch. Minimum 99.7% pure. Store in a well ventilated, cool, dry area. Excessive heat may cause containers to become pressurized. Cool and vent container prior to opening. Clean up spills to prevent slipping.

CAUTION:
KEEP OUT OF REACH OF CHILDREN
Net Contents: 64 oz. (1.89 Liters)
