Multi-Purpose • Crystal Clear • Non Toxic
Cosmetic, Food, Industrial, Skin & Hair Applications

Propylene Glycol is an ingredient used to make many homemade items such as soaps, cosmetics, massage oils and lotion. Other uses include, but are not limited to, humidity control for cigar humidors. This product is food grade, colorless and virtually odorless. Propylene Glycol is a syrupy lubricant that is smooth to the touch. Minimum 99.7% pure.

Store in a well ventilated, cool, dry area. Excessive heat may cause containers to become pressurized. Cool and vent container prior to opening. Clean up spills to prevent slipping.

CAUTION:
KEEP OUT OF REACH OF CHILDREN
Net Contents: 64 oz. (1.89 Liters)
