

NATURAL Stock Tank Care

Stock Plex Natural Stock Tank Care contains all natural beneficial bacteria, which will keep stock tanks clean, clear, and healthy. This product is specifically formulated for stock tanks. Use of other products may decrease bacteria activity.

DIRECTIONS FOR USE: For best results, start by cleaning your stock tank. Remove all sludge and/or debris. Apply 1 pellet per 15 gallons of water. Apply every 1-2 weeks or when a water change has been made. Tablets will slowly dissolve. Be sure to apply this product when water temperatures are 50°F or warmer.
