CAUTION:
KEEP OUT OF REACH OF CHILDREN
Net Contents: 1QT (946.3ml)

About the Product

This premium water based fog machine fluid is a high density **odorless**, non flammable formulation. Fog Worx Low Lying Fog delivers excellent dispersion across the ground for a great Halloween graveyard effect. **This product is designed for use with any water based fog CHILLER machine.**

Directions

Fog Worx Low Lying Fog must be used with a fog chiller to create low lying fog effect. Refer to fog chiller machine instructions for specific use directions. This product can be used in any water based fog chiller machine. 8 ounces of Fog Worx Low Lying Fog will typically last 1-2 hours depending on the machine.

First Aid

If inhaled- allow person to breathe fresh air. If on skin- remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. If in eyes- rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If ingested- rinse mouth. Do NOT induce vomiting. Obtain medical attention.

**MUST BE USED WITH
FOG CHILLER**

Fog Worx[®]

LOW LYING FOG

Precautions

Not intended for internal use. Use in well ventilated area. People with asthma should avoid prolonged exposure. If spilled on clothing or upholstery, wash with water. To avoid slipping and/or injury, clean up spills and condensation immediately.

Will Using Fog Worx Low Lying Fog Set Off Smoke Detectors or Sprinkler Systems? Typically this is only a problem with optical type detectors, because they sense the small water-based particles as smoke. As for sprinkler systems, they are usually triggered by heat, so fog would not set off heat-activated sprinkler systems. We do not advise disabling your smoke detectors or sprinkler systems.
