

Fountain CLARIFIER

Keep your decorative backyard fountain looking and smelling fresh. Safe for ceramic, marble, plastic, rubber, and stone.

Note: No restrictions for birds or wildlife when used as directed. Non-toxic, biodegradable, food grade enzyme.

Directions: For best results start with a clean birdbath or fountain. Add 1 ounce per 5 gallons of water. Use weekly. Overdosing may cause foaming.

Contents: Natural enzymes. Safely neutralizes contaminants that cause smelly, murky water.

CAUTION:

Concentrated contents. Keep out of reach of children. If in eyes: flush with water. Should irritation occur, contact a physician for medical attention. Do not ingest.
